

Fairs: A Celebration of PA

Somewhere beyond your smartphone, on the edge of town, is a summertime land of parades and pageantry, homemade pies and other sweets. There are games to be won, rides to be experienced and animals to see – and it all happens larger than life, once a year, at 109 county and community fairs across Pennsylvania. They're the original social media experience: a place of reunions, where mementos, stories and talents are shared.

Each one is a unique take on the classic agriculture fair. There are hardworking locals competing with their best of home and field, interactive entertainers bringing family fun and vendors offering the best fairtime food. The action unfolds on a modern fairgrounds, where rustic buildings and century-old trees meet LED lights and the latest technology.

Put on your boots and get back to your roots with the timeless magic of a fair. Nearly six million visitors each year create their own fair experiences. Which ones will you choose?
